

Cable Park Responsibility Code

Be aware that there are risks in cable parks, boating and watersports that good judgment and personal awareness can help reduce.

To increase your enjoyment of watersports, follow the ten elements of the code.

- ALWAYS ski or ride under control and at your own risk.
- ALWAYS use life jacket and properly fitted equipment;
- ALWAYS ask questions if unfamiliar with activity.
- ALWAYS follow instructions and direction of staff.
- ALWAYS follow the safety rules for the park.
- ALWAYS start with the simplest maneuvers and work your way up.
- ALWAYS move quickly out of the skiing/riding area if you fall or let go.
- ALWAYS avoid hazardous structures and fallen skiers and riders.

NEVER ski or ride under the influence of alcohol or drugs.

NEVER ski or ride with music or audio devices that limit hearing.

If the rules are not followed, Orlando Watersports Complex reserves the right to revoke your pass without refund.
